Filtered view. At risk now: 1 of 3 rows, Risk level is Medium. The headline figures cover every row.

Not checked. Fabrikam Dental Group: Risky users come from Entra ID Protection, which needs Entra ID P2 (included in Microsoft 365 E5, or as an add-on to Business Premium or E3). This tenant doesn't have it. The Sign-in activity report still shows failed sign-ins, unusual countries and sign-ins without MFA. Northwind Traders: Risky users come from Entra ID Protection, which needs Entra ID P2 (included in Microsoft 365 E5, or as an add-on to Business Premium or E3). This tenant doesn't have it. The Sign-in activity report still shows failed sign-ins, unusual countries and sign-ins without MFA.

At risk now 1 1 to review

Accounts Entra ID Protection thinks someone else may be using. Check each with the person. If they don't recognise recent sign-ins, reset the password, sign them out everywhere (revoke sessions) and check their MFA methods, inbox rules and app consents, then confirm the account compromised or dismiss the risk in Entra ID Protection so it leaves this list.
