Every distribution list with its members and owners, who can mail it, and empty, ownerless or unused lists.

Filtered view. Lists that need attention: 1 of 9 rows, Owners is ben.okafor@fabrikam.example. The headline figures cover every row.

Lists that need attention 1 1 to review

3 lists need a look. Mail to an empty list reaches nobody, a list without an owner (or owned only by people whose sign-in is blocked) has nobody keeping its members right, and a big list anyone outside can mail is a phishing target. Give each list an owner who still works here, and delete lists nobody uses (Exchange admin centre, Recipients > Groups > Distribution list). To stop outside mail, open the list's Settings and untick "Allow people outside of my organisation to send to this group".
