Phones and tablets that sync mail, with which app, when each last synced, and leavers' devices that are still connected.

Devices by platform 6

The Outlook app supports modern sign-in and app protection policies; the built-in mail app over ActiveSync is harder to control.

| Client                | Platform | Devices | Outlook app | Mail app (ActiveSync) | Synced in the last 30 days |
|-----------------------|----------|---------|-------------|-----------------------|----------------------------|
| Contoso Legal LLP     | iOS      | 11      | 4           | 7                     | 8                          |
| Contoso Legal LLP     | Android  | 8       | 3           | 5                     | 7                          |
| Fabrikam Dental Group | iOS      | 27      | 11          | 16                    | 18                         |
| Fabrikam Dental Group | Android  | 21      | 15          | 6                     | 20                         |
| Northwind Traders     | iOS      | 20      | 8           | 12                    | 14                         |
| Northwind Traders     | Android  | 18      | 12          | 6                     | 17                         |
