What Microsoft Defender has flagged: open incidents and alerts, how severe, who is dealing with each, the accounts and devices they name, and what was resolved recently.

Open incidents 6 6 to review

Defender groups related alerts into an incident, so one attack shows once. Work through these from the most severe: assign each to someone, and close it in Defender with what it turned out to be.

Flag	Client	Incident	Severity	Status	Assigned to	Alerts	Created (UTC)	Last updated (UTC)	Link
● High	Contoso Legal LLP	Phishing involving one user	High	Active	–	1	14 Oct 2026, 14:48	14 Oct 2026, 14:48	Open in Defender
● Medium	Contoso Legal LLP	Execution incident on one endpoint	Medium	In progress	helpdesk@msp.example	1	12 Oct 2026, 14:48	12 Oct 2026, 14:48	Open in Defender
● High	Fabrikam Dental Group	Phishing involving one user	High	Active	–	1	14 Oct 2026, 14:48	14 Oct 2026, 14:48	Open in Defender
● Medium	Fabrikam Dental Group	Execution incident on one endpoint	Medium	In progress	helpdesk@msp.example	1	12 Oct 2026, 14:48	12 Oct 2026, 14:48	Open in Defender
● High	Northwind Traders	Phishing involving one user	High	Active	–	1	14 Oct 2026, 14:48	14 Oct 2026, 14:48	Open in Defender
● Medium	Northwind Traders	Execution incident on one endpoint	Medium	In progress	helpdesk@msp.example	1	12 Oct 2026, 14:48	12 Oct 2026, 14:48	Open in Defender
