Licences that couldn't be assigned, licensed accounts without a usage location, and licences assigned both directly and by a group.

Flag	Client	Account	Licence	Problem	What it means	What to do
● Low	Northwind Traders	robert.hughes@northwindtraders.example	Microsoft 365 Business Premium	No usage location	Microsoft needs a usage location (country) to assign a licence. Groups fall back to the organisation's country; assigning one directly fails.	Set the usage location on the account in the Microsoft 365 admin center
● Low	Northwind Traders	ann.patel@northwindtraders.example	Microsoft 365 Business Premium	Directly and by group	Removing the account from the group won't remove the licence, which is how leavers keep licences.	Remove the direct assignment so the group manages it
