MICROSOFT 365 TENANT  
3 clients

Every subscription with licences bought, assigned and available, its cost and renewal date, trials and lapsing subscriptions, and who has which licence, directly or by group.

**Filtered view.** Assignment problems: 3 of 6 rows, Group is blank, 1 column hidden. The headline figures cover every row.

## Assignment problems 3

Licences that couldn't be assigned, licensed accounts without a usage location, and licences assigned both directly and by a group.

| Flag  | Account                                | Licence                        | Problem           | Group | What it means                                                                                                                                 | What to do                                                              |
|-------|----------------------------------------|--------------------------------|-------------------|-------|-----------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------|
| ● Low | bobby.marsh@contoso.example            | Microsoft 365 Business Premium | No usage location | –     | Microsoft needs a usage location (country) to assign a licence. Groups fall back to the organisation's country; assigning one directly fails. | Set the usage location on the account in the Microsoft 365 admin center |
| ● Low | ben.okafor@fabrikam.example            | Microsoft 365 Business Premium | No usage location | –     | Microsoft needs a usage location (country) to assign a licence. Groups fall back to the organisation's country; assigning one directly fails. | Set the usage location on the account in the Microsoft 365 admin center |
