What other organisations' people can do here and whose MFA the tenant accepts (cross-tenant access), and the named locations Conditional Access trusts or blocks, with the policies using each.

## Named locations 12 3 to review

Networks and countries Conditional Access policies can include or leave out. A trusted location counts as one of "all trusted locations", which policies often leave out of MFA, so a wide range marked trusted (wider than /16 for IPv4 or /32 for IPv6) or left out of a policy is flagged.
