Not checked. PIM (admins activating a role only when they need it) needs Entra ID P2, which this tenant doesn't have, so every role shown is permanent.

Privileged role holders 1 1 to review

Everyone who holds a role that can change security settings, users or data. Problems first.

By role

Break-glass accounts 1 1 to review

Emergency Global Administrator accounts for when normal sign-in breaks. Microsoft recommends two, cloud-only, excluded from Conditional Access, signing in with a FIDO2 key or passkey kept somewhere safe.

Flag	Account	Why we think it's break-glass	Cloud-only	On the .onmicrosoft.com domain	Excluded from	Sign-in methods	Last sign-in	What to check
● High	breakglass@northwindtraders.example	Named like one, Excluded from Conditional Access	Yes	No	Require MFA for all users	None	2 Oct 2026	No MFA method: Microsoft requires MFA for admin portals, so it may not get in; Use the .onmicrosoft.com domain so it works if a custom domain breaks
