Emergency accounts kept out of Conditional Access

Using PIM

Not checked

Needs Entra ID P2

**Not checked.** PIM (admins activating a role only when they need it) needs Entra ID P2, which this tenant doesn't have, so every role shown is permanent.

## Privileged role holders 1 1 to review

Everyone who holds a role that can change security settings, users or data. Problems first.

| By role              |
|----------------------|
| Global Administrator |

| Flag                | Account                             | Kind | Roles                | How assigned | MFA set up | MFA required by | Last sign-in | Synced from on-premises | What to check                     |
|---------------------|-------------------------------------|------|----------------------|--------------|------------|-----------------|--------------|-------------------------|-----------------------------------|
| <div>Critical</div> | breakglass@northwindtraders.example | User | Global Administrator | Permanent    | No         | Nothing         | Not checked  | Unknown                 | No MFA set up; MFA isn't required |

Break-glass accounts 1 

1 to review

Emergency Global Administrator accounts for when normal sign-in breaks. Microsoft recommends two, cloud-only, excluded from Conditional Access, signing in with a FIDO2 key or passkey kept somewhere safe.

| Flag            | Account                             | Why we think it's break-glass                    | Cloud-only | On the .onmicrosoft.com domain | Excluded from             | Sign-in methods | Last sign-in | What to check                                                                                                                                        |
|-----------------|-------------------------------------|--------------------------------------------------|------------|--------------------------------|---------------------------|-----------------|--------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| <div>High</div> | breakglass@northwindtraders.example | Named like one, Excluded from Conditional Access | Unknown    | No                             | Require MFA for all users | None            | Not checked  | No MFA method: Microsoft requires MFA for admin portals, so it may not get in; Use the .onmicrosoft.com domain so it works if a custom domain breaks |

Other roles 1

Roles with narrower or read-only permissions.
