## Inactive teams 3

3 teams older than 90 days with no activity in the last 90 days (Microsoft's Teams activity report runs a couple of days behind). Ask their owners whether they're still needed; archiving a team in the Teams admin centre keeps its content read-only.

| Flag  | Team       | Last activity        | Privacy | Channels | Created     |
|-------|------------|----------------------|---------|----------|-------------|
| ● Low | Board      | No activity recorded | Private | 1        | 10 Jan 2025 |
| ● Low | Clients    | No activity recorded | Private | 0        | 4 Mar 2024  |
| ● Low | Operations | No activity recorded | Private | 0        | 4 Mar 2024  |

## Private and shared channels 2

Private channels are only visible to their members. Shared channels can include people from other organisations, who never become guests here. A channel without an owner has nobody to manage its members.

| Flag  | Team            | Channel  | Type    | Members | Owners | Guests | From other organisations | Created    |
|-------|-----------------|----------|---------|---------|--------|--------|--------------------------|------------|
| ● Low | Project Phoenix | Supplier | Shared  | 3       | 1      | 1      | 1                        | 1 Mar 2026 |
|       | Sales           | Deals    | Private | 2       | 1      | 0      | 0                        | 1 Feb 2025 |

## Guests and people from other organisations 2

Guests (accounts invited into this tenant) and people from other organisations in each private and shared channel. Check each still needs access.

| Flag  | Team            | Channel  | Channel type | Person      | Email                | Who                       |
|-------|-----------------|----------|--------------|-------------|----------------------|---------------------------|
| ● Low | Project Phoenix | Supplier | Shared       | Gail Guest  | gail@partner.example | Guest                     |
| ● Low | Project Phoenix | Supplier | Shared       | Pat Partner | pat@partner.example  | From another organisation |

## Apps in teams 4 1 to review

Apps added to each team. Custom uploads (sideloaded apps) bypass the Teams store and your organisation's app catalogue, so check each is expected.

| Flag     | Team            | App          | Source            | Version |
|----------|-----------------|--------------|-------------------|---------|
|          | Project Phoenix | Contoso CRM  | Your organisation | 1.0.0   |
|          | Project Phoenix | Planner      | Teams store       | 1.0.0   |
| ● Medium | Sales           | Expenses bot | Custom upload     | 0.3     |
|          | Sales           | Planner      | Teams store       | 1.0.0   |

Every team 2

5 teams. Guests and people from other organisations are counted in private and shared channels; a team's own guests are in the Groups and Teams report.
