## Enterprise apps 0

Apps from outside Microsoft in this tenant and when each last signed in. Apps unused for 90 days that still hold permissions are flagged: remove them, or ask whoever added them whether they're still needed.

No rows match the filters.

From Entra ID's app sign-in activity, which keeps the latest time each app signed people in, signed in on its own or was called as an API. "No sign-in on record" means Microsoft has none: the app may never have been used, or not for a long time. Microsoft's own apps and Office Sentry's are left out. Remove an app in the Microsoft Entra admin center (Enterprise applications); Office Sentry only reads them.

Prepared by Harbour IT (help@harbourit.example · 0161 496 0000). Read from Microsoft 365 with read-only access; nothing was changed. Data collected 11 Oct 2026, 20:31 UTC.
