1 with a guest

Blocked members  
**2**  
2 blocked accounts still in groups

## Empty groups 1

Groups with no members at all. Delete the ones nobody needs; a dynamic group here has a rule that matches nobody. Empty groups older than 30 days are flagged.

| Flag  | Group          | Kind           | Membership | Email | Created     |
|-------|----------------|----------------|------------|-------|-------------|
| ● Low | Group creators | Security group | Assigned   | –     | 10 Jan 2025 |

## Groups inside groups 3

Groups with other groups as members. Everyone in the inner groups gets what the outer group gives, which is easy to miss; 3 or more levels are flagged.

| Flag  | Group          | Kind                        | Groups inside  | Inside of      | Levels below | Members |
|-------|----------------|-----------------------------|----------------|----------------|--------------|---------|
|       | Finance alerts | Mail-enabled security group | VPN Users      | Info           | 2            | 2       |
| ● Low | Info           | Distribution list           | Finance alerts | –              | 3            | 2       |
|       | VPN Users      | Security group              | Group creators | Finance alerts | 1            | 2       |

## Dynamic groups 1

Groups whose members Entra ID works out from a rule (needs Entra ID P1). A paused rule stops adding joiners and removing leavers, so it's flagged.

| Group     | Kind           | Rule                         | Processing | Members |
|-----------|----------------|------------------------------|------------|---------|
| All Staff | Security group | (user.userType -eq "Member") | Running    | 2       |

## Expiring soon 2 1 to review

Teams and Microsoft 365 groups the expiration policy will delete within 90 days. One that's used renews itself; otherwise its owners are emailed to renew it, so a group with no owner who can sign in is flagged, as is one due within 30 days. A deleted group can be restored for 30 days.

| Flag     | Group           | Kind | Expires     | Days left | Owners        | Members |
|----------|-----------------|------|-------------|-----------|---------------|---------|
| ● Low    | Board           | Team | 5 Nov 2026  | 24        | Anna Kowalski | 2       |
| ● Medium | Project Phoenix | Team | 28 Nov 2026 | 47        | Ben Okafor    | 3       |

## Role-assignable groups 1 1 to review

Groups that can be given admin roles, so being a member of one is being an admin. Their owners can add anyone; a guest in one is flagged.

| Flag     | Group           | Kind           | Members | Guests | Owners | Created     |
|----------|-----------------|----------------|---------|--------|--------|-------------|
| ● Medium | Helpdesk admins | Security group | 2       | 1      | –      | 10 Jan 2025 |

## Blocked members 2

Groups that still hold accounts whose sign-in is blocked, usually leavers. Access the group gives is handed back the moment the account is unblocked, and the member counts others see are wrong; blocked accounts in a role-assignable group are flagged higher.

| Flag  | Group           | Kind                | Blocked accounts | Blocked | Members |
|-------|-----------------|---------------------|------------------|---------|---------|
| ● Low | Marketing       | Microsoft 365 group | Ben Okafor       | 1       | 11      |
| ● Low | Project Phoenix | Team                | Ben Okafor       | 1       | 3       |

## Every group 15

Every group in the tenant, with its direct members (people, devices, apps and groups).

Members are direct members. Teams and Microsoft 365 groups can't contain other groups. Delete or change groups in the Microsoft Entra admin center (Groups), or in on-premises AD for synced groups; Office Sentry only reads them.
