Filtered view. Access by site: 11 of 32 rows, Can is Edit. Site administrators: 6 of 6 rows, 1 column hidden. The headline figures cover every row.

Not checked. Members of SharePoint groups on 3 sites with no Microsoft 365 group aren't listed here; those sites show their site administrators and what the default library grants. The Site permissions report lists every SharePoint group and its members once the client approves the SharePoint permission.

Sites needing an owner 4 2 to review

A site with no enabled owner has nobody to approve access or answer for its content; one owner is one leaver away from that. Owners are the Microsoft 365 group's owners, or the site administrators of a site with no group.
