Flag	App	Made by	Activity	Used	Application permissions	Consented for	Enabled

	Zoom	Zoom Video Communications (verified)	Last 30 days	To sign people in	User.Read.All	Everyone	Yes

From Entra ID's app sign-in activity, which keeps the latest time each app signed people in, signed in on its own or was called as an API. "No sign-in on record" means Microsoft has none: the app may never have been used, or not for a long time. Microsoft's own apps and Office Sentry's are left out. Remove an app in the Microsoft Entra admin center (Enterprise applications); Office Sentry only reads them.
