Built from what Office Sentry keeps for this client: the findings history, admin changes from the activity history, reports sent and approved, the month-end review's notes and next steps, failed collections and the client's own settings. Nothing is read from Microsoft for it.

Prepared by Harbour IT (help@harbourit.example · 0161 496 0000). Collected from Microsoft 365 with read-only access; nothing was changed.
