1 to review

Every member and guest account. Accounts that report to someone whose sign-in is blocked are flagged: the manager has usually left, so approvals and HR records go nowhere.

Everyone who is someone's manager, with the accounts that report to them. A manager whose sign-in is blocked still has people reporting to them: update the manager in Entra ID (or on-premises AD, for synced accounts).

Departments 9

Member accounts by department, as set on each account. Guests are left out.

Departments, job titles and managers are whatever is set on each account in Entra ID (or in on-premises AD, for synced accounts). Last sign-in is the account's last successful sign-in, interactive or in the background (failed attempts don't count), and needs Entra ID P1.
