MICROSOFT 365 TENANT  
contoso.onmicrosoft.com

Every app from outside Microsoft with when it last signed in, and those unused for 90 days that still hold permissions.

Filtered view. Enterprise apps: 3 of 3 rows, 1 column hidden. The headline figures cover every row.

Unused for 90+ days

2

Of 3 enabled apps

Unused but still has access

1

Holds permissions or consent  
nobody is using

No sign-in on record

1

Enabled, never seen signing in

Used in the last 30 days

1

Enabled apps

Enterprise apps 3 1 to review

Apps from outside Microsoft in this tenant and when each last signed in. Apps unused for 90 days that still hold permissions are flagged: remove them, or ask whoever added them whether they're still needed.

| Flag     | App           | Made by                              | Last sign-in | Activity             | Used              | Application permissions | Enabled |
|----------|---------------|--------------------------------------|--------------|----------------------|-------------------|-------------------------|---------|
| ● Medium | Mail Sync Pro | Unknown Ltd (unverified)             | 27 Mar 2026  | Over 90 days ago     | On its own        | Mail.Read               | Yes     |
| ● Low    | Survey Tool   | Survey Co (unverified)               | –            | No sign-in on record | –                 | –                       | Yes     |
|          | Zoom          | Zoom Video Communications (verified) | 10 Oct 2026  | Last 30 days         | To sign people in | User.Read.All           | Yes     |

---

From Entra ID's app sign-in activity, which keeps the latest time each app signed people in, signed in on its own or was called as an API. "No sign-in on record" means Microsoft has none: the app may never have been used, or not for a long time. Microsoft's own apps and Office Sentry's are left out. Remove an app in the Microsoft Entra admin center (Enterprise applications); Office Sentry only reads them.

Prepared by Harbour IT (help@harbourit.example · 0161 496 0000). Read from Microsoft 365 with read-only access; nothing was changed. Data collected 13 Oct 2026, 04:00 UTC.
